17th ANNUAL MEETING OF THE LEBANESE ORTHOPAEDIC SOCIETY

October 2 - 3, 2020 | Webinar Conference

Beirut Will Rise Again,

Beirut the phoenix who always pulls itself out of its ashes, will again reinvents itself.

It brings me great pleasure to welcome you all to the 17th Annual Virtual Meeting of the Lebanese Orthopedic Society which will be held on October 2nd - 3rd through Zoom Platform. This year's meeting will be one of a kind as for the first time ever the Lebanese Orthopedic Society will be joining hands with speakers from international and regional societies: AAOS, APOA, EHS, SICOT, SOFCOT, Pan Arab Orthopedic society.

Leading expert in the field will discuss UPDATES on the most controversial topics. This year's virtual meeting is expected to attract people from around the globe with a very high level of participation

The subject of interest addressed will cover all aspects of orthopedics, chaired by top notch Lebanese and international surgeons

- Hip Arthroplasty & Reconstruction - Chaired by Amer Abdallah, MD
- Knee and Shoulder Arthroplasty & Reconstruction - Chaired by Chahine Assi, MD
- Knee Sports and Arthroscopy - Chaired by Hassan Baydoun, MD
- Shoulder Sports and Arthroscopy - Chaired by Georges Rassi, MD
- Spine Session - Chaired by Ibrahim Obeid, MD
- Upper Limb Trauma Session - Chaired by Ramzi Moucharrafiéh, MD and Ted Mah, MD
- Lower Limb Trauma Session - Chaired by Ali Chamseddine, MD
- Pediatric Session - Chaired by Dr. Ismat Ghanem

LOS 2020 virtual meeting will be interactive. It will be the best platform for all sub specialties, attending and residents to exchange their knowledge to the related subjects.

I am convinced; the program will provide you with new information, better knowledge on the latest practices in Orthopaedics, ideas on how to improve your research and results and will be a stimulus to further harmonize our medical standards and treatment methods.

Looking forward to a successful and fruitful congress and hoping to see you all.

Amer Abdallah, MD

Ass. Professor of Orthopaedic Surgery
