**16<sup>th</sup> ANNUAL MEETING OF THE  
LEBANESE ORTHOPAEDIC SOCIETY**

October 3 - 5, 2019 | Hilton Beirut Metropolitan Palace

## WELCOME LETTER

Dear Colleagues

It gives me great pleasure to welcome you to the "16<sup>th</sup> Annual Meeting of the Lebanese Orthopaedic Society".

This year we have an outstanding group of highly recognized and world renowned speakers from America and Europe who will cover a wide range of exiting and timely topics in the different disciplines of Orthopaedic surgery.

The program offers a 'best practice symposium' covering Radiology, Hematology and Endocrinology subjects for the Orthopaedic surgeon, a EuroSpine symposium orienting Orthopaedic surgeons towards research, a session for free papers and three workshops supervised by highly skilled international faculty.

During the meeting we will introduce the new Society online webpage, mobile applications and the interactive forum platform, which will be a major leap for bringing the whole Orthopaedic community together.

Your participation and support is essential to make this meeting a unique educational experience with an unparalleled array of topics, learning styles and expert viewpoints.

The exhibition is a great. Make sure to visit the exhibit hall and view the remarkable technological advances on display.

On behalf of the LOS Medical Board, I sincerely thank all of the Local and International speakers, organizing committee and the administrative team for all their efforts that culminated into this outstanding continuous medical educational activity.

I wish you all a productive meeting.

**Prof. Ramzi Moucharafieh, MD, FACS**

President of the Congress

President of the Lebanese Orthopaedic Society
